Subject: Revised Project Agreement #2

Importance: High

Dear Marlize and Gerry:

Attached please find the revised project agreement #2 for the exercise study at the FARMOVS facility. It has been revised in accordance with the changes suggested by FARMOVS last week.

Marlize - I hope that with the revisions it is now clear that the aggregate amount of the agreement does include both the courier costs and the import taxes. If you are in agreement with the revised draft, please let Gerry know asap so that he can execute the agreement on behalf of PAREXEL International.

If any questions, please let me know.

Thanks,
Valerie
